## SOME IMPROVEMENT.

Slight Decrease of Yellow Fever Victims.

### REPORT FOR TWENTY-FOUR HOURS

Fifteen New Cases, but No Deaths at New Orleans—One Death and Twenty-Three New Cases at Edwards—No New Cases at Ocean Springs—Improvement at Biloxi—Reports from Other Places.

NEW ORLEANS, Sept. 27.—The yellow fever situation shows some improvement, for only 15 new cases have been recorded by the board of health during the past 24 hours and there have been no deaths since last Friday. All the sick are doing well and no one is in immediate danger of dissolution. The new cases are as follows:

E. Toma, 1206 St. Andrew street.  
G. G. McHardy, Pine and Maple.  
A. Goldman, 2227 Baronne.  
Lou Lawler, 908 Second.  
Michael Dwyer, 621 First.  
James Gray, 528 Esplanade.  
Percy and Suse Mattson, 2411 Constance.

—Bronson, 1126.  
Andrew and Miss Pizzo and a servant at 1201 Poydras.  
Arthur J. Blake, 2013 Camp.  
Emma Schlosser, Baronne and Poydras.

Mrs. W. H. Williams, 1558 Camp street.

The new cases are as usual scattered. The most prominent among them are Mr. McHardy, a wealthy insurance man and Mrs. Williams, wife of General W. H. Williams, a well known newspaper man. There are now four cases in the Williams residence, but they are all reported to be doing well. E. Toma is a brother of the man who died of yellow fever last week, and lives in the same premises. A number of children are among the new cases.

Professor Metz has a large number of formaldehyde generators now at work. Yesterday he burned in the street the bedclothing and other articles in the house where the man Serres died on Constance street, the clothing first having been subjected to formaldehyde disinfection. Some discomfort and loss is being suffered by the poorer classes, whose effects have to be burned, but Professor Metz said that he was hopeful of getting the city to make an appropriation to cover just such cases of distress. Professor Metz has placed these generators at the railroad depots and baggage is being promptly and thoroughly disinfected before it is put on trains.

The local charity organization is taking steps to relieve all cases of destitution that are presented. The board of health supplies medicines and the charity hospital physicians, and the charity organization will try to provide food for the poorer classes.

Mrs. A. McCubbage died yesterday morning in Ocean Springs of yellow fever. She had been sick for several days and her case had already been reported. There have been no new cases at Ocean Springs.

Reports from the detention camp say that about 10 refugees from New Orleans have arrived there and 18 from Biloxi. There is no sickness in the camp save one case of sciatic rheumatism. The patients in the hospital, a mile away from the camp, are recovering.

There is a case of fever at California, the wife of a physician, and the infection is traced to Edwards, Miss. The case is a mild one and the patient will be well in a few days. The settlement is small and scattered and there probably will be no serious results.

### SITUATION AT EDWARDS.

One Death and Twenty-Three New Cases Officially Reported.

EDWARDS, Miss., Sept. 27.—During the past 24 hours there has been one death from yellow fever and 23 new cases reported. The death was that of Mr. S. S. Noblin. The new cases were as follows:

Whites—Mrs. Levy, Mary Sagler, Mrs. Dringole, Mr. Duke Askew, Caroline Brown, Mrs. Sadie Martin, Lee Martin, Estis Harris, Eva Harris, Mrs. Ethel Crister, Dr. W. M. Champion, Mrs. S. A. Harris, Mrs. W. H. Harris, Waverly Birdsong, Mrs. J. B. Graves, Mrs. Pavenkott, G. W. Barber and a little daughter of J. Bostel.

Colored—Alf Beard, Willie Brown, Annie Maxie, Rosa Sweeger and Sammie Thomas.

A new case developed at Champion-hill, that of Dr. William Champion, and the case is a serious one. Another case is reported at Queenshill. Both are isolated.

A few more strides and the fever will have stricken the entire town of Edwards. Mr. Ethel Crister, our only druggist, was taken yesterday and Dr. Hunter of the state board has been wired for another druggist, immune from the disease. Only three or four cases are considered serious and these are receiving the best of attention at the hands of experienced nurses.

### FAVORABLE AT MOBILE.

Five New Cases and No Deaths and Only Twenty-One Under Treatment.

MOBILE, Sept. 27.—The returns at the board of health office for the past 24 hours show five new cases and no deaths, with two patients discharged. This leaves 21 under treatment.

So favorable a report was not looked for by many, for the weather has turned warm again, and the increase in number of cases the previous two days seemed a prelude to a serious turn of

the outbreak. There is, however, no actual change for the worse.

The five new cases are: Brother Symphorian, Mrs. John Christie, Alexander Sellers, Mrs. Matthews and Mrs. Alma Chriss.

The deaths so far show a ratio of 14 per cent.

The case of Brother Symphorian of the Catholic school and orphan asylum is the first on that street. There has not been any case in the school before, but several cases in the vicinity. The isolation of the sick is complete, the infirmary being detached from the school proper.

### Affairs at Biloxi.

BILLOXI, Miss., Sept. 27.—The condition of affairs here is very changed from what it has been for the past several days. There are a very few cases reported up to this time and the sick with few exceptions, are doing well. Mr. Edward Benedict of The Review is reported as being critically ill with the fever. Dr. Grant reports Mayor Howard as being much improved and at present he does not apprehend any danger. Board of health report: Total yellow fever cases to date, 97; new cases, 10; now under treatment, 56; total number of deaths to date, 4.

### Improving at Cairo.

CAIRO, Ills., Sept. 27.—The yellow fever scare is dying out here. The temperature of all the cases on the government dredge boat Alpha is normal. Those cases in the marine hospital will be discharged tomorrow and that in St. Mary's hospital has already been discharged as well.

### LOOKING FOR TROUBLE.

Japan Believed to Be Landing Soldiers in Hawaii.

WASHINGTON, Sept. 27.—As an aid to expedition in placing the cruiser Baltimore in active service upon the arrival of the Philadelphia from Hawaii Acting Secretary Roosevelt has directed that 160 men be transferred from New York to Mare Island.

Although the orders to the Philadelphia to return home contain a proviso that she shall not leave Honolulu until Rear Admiral Miller is certain the Japanese cruiser Naniwa has started for Japan, the navy department officials believe the Naniwa has already left Hawaii.

The Wheeling, it is believed, will reach Hawaii in 13 days, so that the Philadelphia will be in Californian waters in 15 days, or about Oct. 8, provided the Naniwa has gone. Twenty-four hours will probably be allowed for the transfer of officers and men to the Baltimore, and six days later or about Oct. 15, a modern American cruiser, in splendid condition, will be in Honolulu, where she can remain for three years if necessary.

In the meantime it is proposed to keep the battleship Oregon at San Francisco ready to start for Hawaii the moment danger is reported.

The authorities have no doubt from official information that Japan is sending soldiers to the island, who upon the appearance of a seemingly good opportunity are to make an attempt to overthrow the Dole government.

The instructions to Rear Admiral Miller require him in such an emergency to hoist the American flag and land sailors and marines. One of the vessels would then be immediately dispatched to the United States for further assistance.

### BUNGLING TRAIN ROBBERS.

They Did Not Cut Deep Enough and Lost What Might Have Been a Big haul.

MOOREHEAD, Minn., Sept. 27.—The westbound passenger train on the Northern Pacific railway was held up three miles north of here at an early hour Sunday morning. It is said the express car carried a large sum of money which the robbers failed to secure, owing to a blunder in cutting off the cars. The robbery was the coolest piece of work imaginable. Engineer Hoover, after pulling out of Elyndon, noticed a man on the front platform of the mail car. A few moments later the robber climbed over the tank and at the point of a pistol compelled the engineer to apply the brakes.

Three other robbers then came forward bringing the conductor and brakemen. All mounted the engine which was again started west. The robbers sat on the tank and ordered the engineer to "keep her moving." Not until the train reached Moorehead was it known that the engine and mail car had been cut off from the balance of the train. Then the robbers discovered that they had not cut deep enough into the train and had failed to secure the treasure said to have been in the express safes. They rapidly despoiled the crew of watches and money and made their escape.

### Forty Girls on a Strike.

TERRE HAUTE, Ind., Sept. 27.—Forty girls employed in the canning factory have quit work, demanding higher wages. They were getting 2 cents a pair for peeling tomatoes, and demanded 2 1/2 cents. There are still 20 girls at work under police protection, as the strikers have manifested a very bitter feeling. The factory is running short-handed, being unable to get additional help.

### Murdered His Mother and Killed Himself.

MANISTIQUE, Mich., Sept. 27.—Victor Anderson of Whitetale committed suicide, after murdering his aged mother by firing four shots into her heart. It was a premeditated murder, as evidenced by a letter left, in which Anderson says that life became a burden to him, and with his mother would leave this world. Anderson was a prominent farmer at Whitetale.

## VIEWS OF FOREIGNERS

European Papers Trying to Solve the Cuban Question.

### OUR ATTITUDE TOWARD SPAIN.

A Madrid Paper Claims to Have Found Out the Program of the United States. An English Paper Says It Would Be a Crime to Prolong the War—Other News Relating to Cuba.

MADRID, Sept. 27.—The arrival of United States Minister Woodford from San Sebastian has made a sensation. The program of the United States has been ascertained. This does not contemplate a declaration of war if Spain rejects mediation, but, according to report, an "ostentatious proclamation to the world of disapproval of the Cuban regime by suspending diplomatic relations with Spain and withdrawing the United States minister."

General Woodford has declined to be interviewed on the subject further than to say that his conference with the Duke of Tetuan, the foreign minister, was of the most satisfactory character. The unexpected bitterness of the press and of public opinion has painfully impressed him, but he hopes this will soon be allayed, as he believes his mission favorable to Spanish interests and can not comprehend that Spain could reject mediation designed to end an impoverishing war. He has not named a time at which the war must be terminated, but he hopes as the result of his tenders that it will be ended quickly. He believes the war is inflicting incalculable loss upon the United States and that it is impossible to prevent the organization of filibustering expeditions.

Unusual measures were taken to protect Minister Woodford on his journey from San Sebastian to this city, but the trip was quite uneventful. A party of gentlemen, commanded by a sub-lieutenant, guarded the Southern express on which he was a passenger. Secret police were posted at the station, and the protect of police was in waiting to escort him to his hotel. The drive through the streets was marked by no special incident, though several people saluted him, receiving a bow in return. Some comment has been caused by the fact that Minister Woodford's family has not accompanied him, but remains behind the French frontier. Minister Woodford explains that his party is a large one, requiring a commodious home, and prefers spending a pleasant October at Biarritz until a suitable residence can be secured here. The legation can not be used as a residence. General Woodford has already engaged a box at the royal opera house.

### AN ENGLISH VIEW.

It Would Be a Crime to Longer Prolong the War.

LONDON, Sept. 27.—The Spectator, accepting as a fact the report that the United States has admonished Spain, finds it difficult to think war can be avoided, adding:

"Apart from the fact that pride and ignorance of the consequences bid Spain defy the United States, war is probably considered to be the best way out of the difficulties."

"Were the government to propose the abandonment of Cuba in cold blood it would simply mean handing over the country to Don Carlos, so the government proposes to employ America as the surgeon to do the necessary amputation, which will alone prevent the Cuban gangrene from spreading to the rest of the body politic."

After detailing Spain's iniquities in Cuba, the Spectator continues:

"To prolong the war would be a crime, and if America chooses to stop these hideous cruelties all Englishmen should applaud and refuse to inquire too narrowly into the reason which influenced her statesmen in putting pressure upon Spain."

Referring to the objection of "patriotic Americans to the admission into the union of Cuban and Hawaiian states and the consequent election of senators by degraded populations," The Spectator says:

"America's duty is to stop the long agony of Cuba, and if her constitution admits of her doing so safely, the sooner she amends her constitution so that she can hold her new acquisitions on a different footing, the better for her and for humanity."

### AUSTRIA AND GERMANY'S VIEWS.

They Will Try and Prevent Any Intervention in Cuban Affairs.

PARIS, Sept. 27.—The Gaulois says it learns that during the recent visit of Emperor William to Budapest, Emperor Francis Joseph and the German emperor discussed the "interference" of the United States in the affairs of Spain, the Austrian emperor pointing out the serious embarrassment which this "interference" had caused the queen regent and the government of Spain.

The Gaulois adds: "Probably Germany and Austria will do all in their power to prevent the situation becoming embittered, although unwilling to interpose too directly. Similar views are said to have been exchanged between France and Russia; so, if the occasion arises, the European powers, while respecting the feelings of independence of both countries, will find themselves in agreement in insisting that a policy of conciliation and peace must prevail."

### What Could Austria Do?

LONDON, Sept. 27.—A dispatch to The Standard from Madrid says: "The rumor of Austrian mediation between

Spain and the United States in the event of hostilities has created surprise, mingled with much incredulity. Spaniards fail to see what Austria could do unless seconded by naval powers, or at least by the combined Pacific action of several governments."

### Weyler Claims a Spanish Victory.

MADRID, Sept. 27.—The declaration is made here, and is being generally circulated, that the Spanish troops in Cuba have recaptured Victoria de las Tunas, which was taken by the insurgents under Calixto Garcia and Jesus Rabi on Sept. 15.

### Weyler Cables For Help.

MADRID, Sept. 27.—Captain General Weyler cables a request to the government to send 113 additional administrative officials to Cuba.

### STRONG WITNESS FOR THE DEFENSE.

Mary Siemmering Proves Loyal to the Big Sausagemaker.

CHICAGO, Sept. 27.—The strongest witness for the defense who has yet appeared in the Luetgert trial was on the stand Saturday. The witness was Mary Siemmering, the domestic in the Luetgert household, for love of whom it is charged by the state, the prisoner murdered his wife. There was no mistaking the feeling of the girl for Luetgert. She was there to do him all the good in her power, and she stood by him stoutly. She had made statements before the grand jury and to the state's attorney before the trial began, and when her assertions on the stand Saturday differed from the statements she is said to have made at the time she had not the slightest hesitation in repudiating anything that she might have said when under oath.

The state's attorney subjected her to a rigid cross-examination, and although he succeeded at times in confusing her, she was game and full of nerve to the last. She contradicted herself several times, but was quick to catch herself, and the last statement she made in any part of her testimony was always in favor of the prisoner. She denied in the most positive manner that she had been a disturbing element between Luetgert and his wife, and said that neither by night nor by day, alone or in company, had she ever visited Luetgert in his factory or elsewhere in an improper manner. She insisted that the prisoner had always been good to his wife, and that, in her opinion, the latter was out of her mind, and had been for some time prior to her disappearance. Her cross-examination was not concluded when court adjourned.

### AFFAIRS AT HAZLETON.

Miners Nearly All Back, but Are Organizing For Another Strike.

HAZLETON, Pa., Sept. 27.—Nothing new developed yesterday in the strike region and the day passed quietly. Nearly all the collieries have resumed. General Gobin and his staff rode to Audenried in the afternoon and in the evening the Ninth regiment gave a dress parade. It is announced at headquarters that the Fourth regiment is to be withdrawn tomorrow. The Fourth is stationed at Drifton. A conference will be held tomorrow to decide on the withdrawal of other troops.

A meeting of miners was held at Freeland yesterday at which several prominent labor leaders, including General Organizer Fahey of the United Mine Workers, were present. The meeting was held behind closed doors and nothing was given out. It is known, however, that the miners are being more thoroughly organized, so that in the event of another strike they will have a leader and organization.

A gang of toughs broke into Squire Robinson's office at Audenried and demolished considerable furniture. Later, the residence of Mine Superintendent Gomer Jones was stoned. Robinson refused to issue a warrant for Foreman Jones' arrest several weeks ago, and this is supposed to be the cause of the raid made on his office.

### FASTEST TIME ACROSS THE ATLANTIC

The Steamer Kaiser Wilhelm Der Grosse Beats All Other Records.

NEW YORK, Sept. 27.—The steamer Kaiser Wilhelm Der Grosse, the latest acquisition to the large fleet of the North German Lloyd Steamship company, arrived last night at quarantine at 10 o'clock on her maiden voyage, making the passage from Southampton to New York in 5 days, 22 hours and 45 minutes, the fastest voyage on record.

The Kaiser Wilhelm Der Grosse is 648 feet long, 66 feet beam and 43 feet deep and of 14,000 tons burden and 30,000 horse power. On this voyage with a steam pressure of 186 pounds and 77 revolutions of her screws she developed a speed of 22 knots. She was built at Stettin, Germany, by the Vulcan Ship and Engine Ship Building company. She is schooner-rigged, has four funnels and twin screws. Her engines are of the triple expansion pattern. On a consumption of 500 tons of coal per day she developed a speed of 22 knots per hour. She is commanded by Captain H. Englebart.

### Shot a Man to Save a Woman's Life.

PARAGOULD, Ark., Sept. 27.—At Berbig, a little station on the Paragould Southeastern railroad, nine miles east of this place, W. R. Worthy shot and almost instantly killed A. C. Hopkins, a prominent citizen of that place, about 3 o'clock yesterday afternoon. Hopkins and his wife recently separated. Hopkins returned yesterday afternoon and assaulted his wife with a knife. Worthy interfered to save the woman's life, and, drawing a pistol, shot Hopkins as he was about to plunge the knife into his wife's body. Worthy surrendered and is in jail at Paragould.

## NEW GOLD DISCOVERY

The Richest Find That Ever Has Been Made.

### IN THE STATE OF WASHINGTON.

There Is in Mount Baker and Its Surrounding Heights Enough Gold to Keep Prospectors Busy For the Next Ten Years—A Strike of Ten Thousand Dollars to a Ton.

SEATTLE, Wash., Sept. 27.—The first authentic news concerning Washington's new Eldorado near Mount Baker, and how to get there is brought to Seattle by E. W. Saportas, president of the information and registry, who, with Frank Crydo, and Gus Wagner, experienced miners of Dawson City, went to the scene of the latest excitement last Saturday. According to Mr. Saportas, the route is passable and not very difficult until within five miles of the find. The last five miles, however, present obstacles that would forever discourage anyone not an experienced prospector and mountaineer. There is in Mount Baker and its surrounding heights enough gold, says Mr. Saportas, to keep prospectors busy for the next 10 years. In samples of ore that were brought back by the informant, Mr. Bogardus, the assayer, by a cursory inspection, declared that free gold existed in exceedingly good quantities.

"I met many men," continued Mr. Saportas, "who came from Mount Tomohoy and they all reiterated the stories concerning the great strike of \$10,000 to the ton made in Bear mountain in Tomohoy and several others have found ore equal to the discovery in Bear mountain."

A special correspondent of the Evening Times sends word from Sumas as follows:

"The gold discoveries in the mountains of Whatcom county are beyond any doubt the richest in the annals of the Pacific coast or even in Alaska. So say the most experienced prospectors whom I have just accompanied to the scene of the recent finds."

"The recent find is in Bald mountain situated in the northeast portion of Whatcom county, northeast of Mount Baker. The mineral range runs northwest and southeast and today is located for 30 miles. There is no telling how much further it extends."

"The vein in the five claims, Lone Jack, Bennie, Sidney, Lulu and Whist, varies from three to five feet in thickness. It runs under a layer of porphyry ledge in a serpentine manner, and auriferous shale appears in the ledge. It is free milling quartz of sugar and rose color, carrying copper and silver. The vein can be traced half a mile. The cropping is under solid porphyry."

"The gold is known as 'wire gold' and can be seen with the naked eye and picked out with the fingers. That great quantities of it exist there is no doubt. The formation of the range in which the find is located does not look to be very rich in minerals. If there is any placer mining it has not as yet been demonstrated to be a paying proposition."

### OUR INTERESTS THREATENED.

The Revolution in Guatemala Is Proving to Be Quite Serious.

WASHINGTON, Sept. 27.—The gravity of the existing insurrection in Guatemala is exhibited in the following telegram just received at the state department from Sam T. Lord, acting United States consular agent, dated at Quetzaltenango:

"I left Champerico and am in Quetzaltenango. Obligated to protect American interests. Communication with the Guatemalan capital is interrupted. The city of Quetzaltenango has been under fire and bombardment for 24 hours, and is now in the hands of the opposition general. Bombardment by the government forces is feared. Great American interests are threatened."

The town of Quetzaltenango, of which Mr. Lord speaks, lies about 75 miles inland, so that it is hardly possible for our government to extend any relief in the way of a naval force. The United States steamer Alert is now on her way from San Francisco to Ocas, which town was captured by the revolutionists about a week ago. When she reaches that point she will afford a refuge to any Americans who may be endangered.

### NO EVIDENCE OF VIOLENCE.

An Ex-Bank Teller of Buffalo Fished Out of the Chicago River.

CHICAGO, Sept. 27.—The dead body of Edward Hill of Buffalo was taken from the Chicago river yesterday. There was no mark on the body to indicate violence. It is believed Hill either fell off the dock into the river or tumbled overboard from some boat from Buffalo as it entered the river.

Hill was a member of a well known and wealthy family of Buffalo, and was formerly paying teller of the Elliott Square bank of that city. He disappeared a week ago with \$2,000 of the bank's money. Half of this amount Hill subsequently returned to the bank, and his brother made good the balance. The bank authorities had not asked for his arrest as they had suffered no loss.

OTTAWA, Sept. 27.—Professor Wiggins predicts a great hurricane. He says: "The announcement by the marine department that a hurricane is now moving up the Atlantic coast from the West Indies is a meteorological event of more than common interest. That a great storm is near a meteorological fact."

### SHAMEFUL?

National Honor Staked in a Gambling Game  
 of Politics.

[New York World.]

The World's Madrid correspondent cables that Gen. Woodford has informed the Spanish Government that if the pacification of Cuba is "not accomplished by the end of October the United States must consider itself at liberty to do whatever it shall then deem necessary to secure complete and permanent peace in Cuba."

"The end of October!" Why the end of October?

Why has Mr. McKinley watched murder and rapine in Cuba so calmly these six months and more to suddenly blaze out and give the Spanish Government less than five week's notice, and that, too, in an ultimatum so curiously worded that it "leaves the United States at liberty" to do something or nothing, as Mr. McKinley shall then elect—if Spain is not inflamed to action against us.

Why the end of October—October 31st? That is Sunday, and on Tuesday—two days later—the people of Mr. McKinley's State will go to the polls and say whether they approve or abhor Boodle-fund Collector Hanna, the pal of the degraded Demas and his associates at the New Orleans dives.

October 31—two days before the Ohio election!

Our sacred national honor, our highest and holiest feelings as to human liberty, the blood of our soldiers, the hearts of their wives and sisters and mothers, staked in an infamous gambling game of politics! Staked merely to assure a seat in the Senate for a professional political corruptionist!

Shame! Shame! Shame!

### Republican Rule.

[Flemingsburg Times-Democrat.]

When the Republicans of this State made the fight of 1895 their battle cry was: "Let us look at the books." The people under a spell of political madness, did give them full charge of the books. But did they even make good a single one of their oft reiterated charges against the Democratic State officials? "Never, any time, once." But now they have had charge less than two years and the whole public service of the State is honey-combed with fraud, corruption and mismanagement of the grossest sort.

### Important Tax Decision.

FRANKFORT, Ky., Sept. 25.—The first of the franchise tax suits brought against a number of corporations was decided by Judge Cantrell in the Circuit Court today in favor of the State.

He decides that the Louisville Street Railway must pay \$27,408 franchise tax, for one year, including interest due.

This is one of the biggest judgments ever rendered for taxes for one year in this State, and has an important bearing on all similar corporations in other cities.

Highest market price paid for wheat and rye at the Old Gold Mills.

## THE REPUBLICAN WRANGLE.

The Hunterites And Bradleyites Still After Each Other—The Governor Hoot.

FRANKFORT, Ky., Sept. 24.—Another chapter is about to be enacted in the Hunter-Gaines bribery matter, and all sorts of rumors are afloat about Hunter preparing to bring a libel suit in the United States Court. Several men known to be Hunter's friends have been here from Louisville in the last day or two, and a special reporter came up from Louisville last night to secure a statement from Captain Gaines. To-day Gaines was interviewed by Col. James A. Scott, one of Hunter's attorneys, and the reporter as to a statement which they said they had heard Gaines was preparing, implicating Gov. Bradley in the bribery case.

Gaines denied that he had ever made such a statement, but a Louisville afternoon paper published a statement to that effect, anyhow. When asked about it to-night Gov. Bradley said:

"The recent or any other attempt to connect my name with the prosecution for conspiracy to bribe is infamous and the motive therefor apparent to every fair-minded man. I never stab my enemies in the back; in other words, I don't adopt their tactics."

Captain Gaines gave out the following statement as to the publication:

"I had hoped the newspapers would let me alone about this bribery business, as I am sick and tired of it, and wish I could never hear it mentioned again. About this publication that I had stated that Gov. Bradley was behind me in the Hunter matter and then went back on me, I want to say that it is a base and shameless misrepresentation from beginning to end. I certainly would not swear one day in court that I alone was responsible for my action in that matter, and then turn around next day and try to convict myself of perjury by saying some one else was responsible.

"The reporter for the paper that published this statement called to see me, and I told him if he published such a statement he would knowingly publish a lie, and he assured me it would not be published. He further told me that he heard in Louisville that I had made such a statement concerning the Governor, and, as Dr. Hunter is in Louisville, it is easy to understand where this underhand attack on the Governor started. I want to say emphatically that I have never made any statement before or since the trial in conflict with my testimony on the witness stand, and that neither Bradley nor Blackburn had anything to do with my action in the bribery matter.

"This is my last utterance on the subject, and I hope the newspapers will let it drop."

## LEGAL STEPS.

To Relieve Adams County Commissioners of Control of the Wilson Poor Fund.

PORTSMOUTH, Ohio, Sept. 22.—A petition has been forwarded here in an injunction suit, the first of a series of legal actions intended to take the John T. Wilson poor fund out of the hands of the Commissioners of Adams County, and to establish a non-partisan Board of Control.

Wilson, who was a wealthy resident of Tranquillity, Ohio, died in 1891, leaving one-half of his estate as a fund "for the relief of the worthy poor of Adams County."

This was to be dispensed by the County Commissioners in such sums and at such times as their judgment may approve.

It is alleged that the result was that the money was used much more freely at election time than at any other period, and that the test of worthiness was too often a political test.

In 1894 the Commissioners issued \$20,000 in bonds for the purpose of building a county jail, and then sold the bonds to themselves as trustees of the Wilson fund, without advertising the bonds or using any efforts to sell them for the highest price obtainable. The above injunction suit, in which L. D. Armacost is plaintiff, seeks to restrain payment of all bonds and to prevent payment of the jail debt from the County Treasury. The poor fund now amounts to nearly \$300,000.

### Fountain Square.

Quoth The Raven of Millersburg: "Maysville has a new fountain; in fact, Maysville has a fountain square. It is situated on Market street, between Second and Third, and is quite an attraction to that progressive city. The fountain itself is a very neat affair, but is not large enough for the esplanade. Any way it is quite an improvement over the unsightly void which has previously greeted the eye of the observer."

CHIEF OF POLICE ORT arrested Sam Kimball Friday night on a charge of robbery. The alleged offense was committed in Lewis County and Kimball was taken there this morning.

Miss Belle Pearse, of Dover, and Mr. Charles Keith, of Covington, will be united in marriage this evening at 7 o'clock, at the home of the bride's parents, Mr. and Mrs. Franklin H. Pearse, Rev. Boyd K. Muse officiating.

MR. FRANK McNAMARA, son of Mr. Jere McNamara of East Second street, left Sunday for Cincinnati to attend the medical college. Frank is a bright young man and will no doubt make his mark in his chosen profession.

On account of the celebration of the one hundred anniversary of the city of Augusta October 2 the C. and O. will sell round trip tickets Maysville to Augusta at 50c. Tickets on sale October 2; good returning until October 3rd.

"RIVER CITY" is the name suggested by the Dover Messenger for the city that is to spring into existence on the completion of the "Black Diamond" bridge connecting Ripley and Dover. Br'er Curran is "counting the chicks" before they hatch.

PAT WATSON, 2:12½, a Transylvania candidate, worked the Lexington track last Wednesday in 2:13, the last quarter in .30½, a 2.01 gait. The Transylvania will be trotted on October 7, the third day of the Lexington meeting of October 5th to 16th.

MR. JOHN COLE, aged fifty-four years, died at his home near Shannon at noon Saturday, of consumption of bowels, after an illness of six months. He leaves ten children. The funeral occurred Sunday afternoon at 2 o'clock at Shannon, conducted by Rev. J. D. Redd.

AUDITOR STONE will refuse to pay out any part of the sum of \$100,000 appropriated for the erection of two schools of reform until he is compelled by mandamus to do so. He holds that the appropriation was made payable out of "funds not otherwise appropriated," at a time when, as the Legislature well knew, the existing tax rate was insufficient to meet the expenses of the State Government.

OVER seven hundred articles were entered in the floral hall at the fair last week, and it speaks well for Superintendent Curran's careful management that only one mistake was made in handling all these articles and returning them to their owners. One jar of pickles was delivered to the wrong party. The edibles were all returned intact in accordance with the promise of the management made in advance.

REV. S. D. DUTCHER closed his first year as pastor of the Christian Church Sunday, and at the morning service he briefly reviewed the year's work, closing with some timely suggestions. The total paid out for the various missions during the year amounted to \$258.00. There were forty-eight additions to the membership during the year, and about that many additions to churches at other points as a result of meetings in which Mr. Dutcher assisted. Seven hundred pastoral visits were made, the sermons and other addresses during the year numbering 215. The C. W. B. M. contributed \$16.25, the Sunday school \$211.04, and the Ladies' Aid Society \$554.28 during the year. The work has prospered under Mr. Dutcher's wise and faithful ministry. He will enter on his second year next Sunday.

## WOMEN'S Capes and Coats.

IMPORTED CLOTH CAPEs.—Broadcloth, strap trimmings, inlaid velvet collar, lined with changeable satin. Black, green, tan, castor, blue, \$7.50. And the lots at \$9, \$10, \$12 are equally chic and cheap. Imported Bolero Jackets of cloth with cape effect. Entirely new. Close-fitting, handsomely braided, lined with colored satin. Black, green, blue, \$8. Some as high as \$15.

FLY-FRONT COATS of mixed tan cloth, beautifully tailored, coat back, double stitched seams, lap pockets, faced with satin serge, \$7.50.

MISSES' JACKETS.—Fifty of them. Blue and brown beaver, mixed cheviot and fancy overcoatings, stylishly made; for ages 14 to 16. The price is no hindrance to the buying. \$3.50. Some higher, others cheaper.

A special display of Collarettes and Boas Saturday.

GLOVES.—Right from Greenable, France, a new invoice of the Burmont Glove. And there isn't such another \$1 Glove to be had. Black and colors. This notice is for customers who have been waiting and for women who want better Gloves than they have had.

DRESS GOODS.—Every year the beauties in fancy dress stuffs multiply, but this season all the textile ingenuity of man seems to have been concentrated in the designing and weaving of these elegant fabrics. It's so easy to accumulate mere numbers, that we devote especial care to having nothing but the choicest; every style the right style—a style that should be here. If we could attach samples of our dress goods to this advertisement the response would overwhelm us with business, for the prices are as marvelous in their lowness as the goods in their richness.

PLAIDS.—A winsome group, a dozen styles. The whole range of criss-cross beauty in wool, with overplays of bright silken threads, thirty-eight-inch, 50c.; some cheaper.

Bicycle Suitings or utility stuffs. Pure wool, inexpensive goodness—and it's good looking, too. Nineteen color mixes; eight plain colors, 36-inch, 25c. And the most delightful days for wheelmen are just ahead.

WAFFLE SUITING.—Black overthread beauty dimpling on a color. The first lot went in a jiffy. Here's more of it. Two grades, 49c., 39c.

Thirty-seven and a half-cent Cashmeres at 29c—38-inch goods, all wool. Just the thing for children's school frocks. Browns, greens, garnets, cardinals and rich blues.

HANDKERCHIEFS.—Small children require a great many. It's one of the instances where price or quality is not a factor, as the natural losing proclivity is universal with youngsters. It makes no difference if it's a hand-embroidered, all linen Handkerchief or a cheap one. They are all lost. We have an especially attractive line of 5c. handkerchiefs for children.

### RUNAWAY ACCIDENT.

F. W. Valentine, a Well-to-Do Lawyer of Brooklyn, Instantly Killed.

HARFORD, Sept. 27.—F. W. Valentine, a well-to-do lawyer of Brooklyn, was instantly killed in a runaway accident in the town of Pomfret yesterday afternoon. Henry L. Burt, a prominent druggist of Putnam, who was with him, was probably fatally hurt, and the wives of both men were severely bruised.

Mr. and Mrs. Valentine and their young son and Mr. and Mrs. Burt, went to Pomfret Landing for a pleasure drive in a two-seated covered carriage. The horse was very high-spirited. All went well until they were going down a steep hill, at Pomfret Landing. At the steepest part of the hill the holdback of the harness snapped letting the carriage upon the horse's heels. The animal dashed forward, overturning the vehicle.

Mr. Valentine struck on his head on a rock by the roadside and deaths was instantaneous.

Caldwell's	2	3	2
Guilfoyle's	3	2	3
Time--2:39½, 2:17, 2:11.			

The live pigeon shoot was one of the features of the afternoon. There were ten entries, the shoot being at six birds, under the American Gun Club's rules. Judge Wadsworth acted as referee. Mr. Woodcock, Mr. McRoberts and Dr. Marsh, of Danville, granted their opponents a handicap of four yards. Some of the Mason County shots were right in it with the Danville cracks. Mr. Henry Wadsworth, of this city, and Mr. J. M. Stevenson, of Murphysville, divided honors with Dr. Marsh for first place, each killing six straight. Mr. Woodcock got second money. He was a little unlucky; he killed all his birds, but one fell out of bounds. Several others, however, were also unfortunate in this respect. Mr. C. C. Arthur, of Shannon, and Mr. McRoberts tied for third place. Summary:

Dr. Marsh	6
W. P. Woodcock	5
Henry Wadsworth	6
C. C. Arthur	4
Robert Perrine	2
Lige Kirk	2
John McRoberts	4
Henry Jefferson	3
J. M. Stevenson	6
J. R. Robertson	3

A clay pigeon shoot took place afterwards at ten birds, resulting as follows:

G. C. Keith	1
Henry Wadsworth	7
W. P. Woodcock	10
Lige Kirk	6
Dr. Marsh	8
T. A. Keith	5
Stevenson	1
J. J. Jerson	6

### DROWNED IN CABIN CREEK.

Joshua Truitt Meets Death Saturday While Seining Near Springdale.

Mr. Joshua Truitt drowned Saturday while seining in Cabin Creek, near Springdale. One of his neighbors was assisting him, but was on the opposite side of the creek.

The supposition is that the unfortunate man was either stricken with paralysis or was seized with cramps. He suddenly uttered a cry of pain and fell in the water. Before assistance could reach him life was extinct.

Deceased was about twenty-eight years of age, and leaves a wife and two children. The funeral occurred Sunday afternoon.

Mrs. F. B. COLLINS is dangerously ill at her home on East Fifth street.

## RUSSIAN WHEAT CROP

### Comparatively a Failure, And There Will Be Very Little Grain For Export.

WASHINGTON, D. C., Sept. 22.—More detailed information than has heretofore been obtainable concerning the condition of the Russian grain crop is contained in a report on the subject to the State Department from United States Consul Heenan at Odessa.

He says the crops over an extensive area have failed. The beginning of the trouble was the dry winter, causing the failure of half of the wheat sown. With a favorable spring, and sowing, the prospects were good, however, almost up to rutting time. Then came the wettest season known in years, and hail destroyed both ripe and unripe grain. In large areas no effort was made to harvest. Samples of the new wheat are inferior in quality and weight. The yield is from four to six bushels per acre for winter and spring. Barley is discolored and under wheat. Rye is much damaged, and will be under the average crop. Oats alone are in favorable condition.

Mr. Heenan says that but little wheat will be shipped from Russia during the season of 1897-98 for the simple reason that there is little available for export. The failure of the wheat crops in Austria-Hungary, Romania and Bulgaria has brought buyers into Russia from those countries and the wheat will go to them by rail.

The Chesapeake and Ohio is reaching out in every direction for export and import traffic. Arrangements have just been perfected by the C. and O. for a regular line of steamers to run between Newport News and Dublin and Belfast, Ireland. The new line is to be known as the "Lord Line Virginia Service," and the first steamer, the Lord Londonderry, will sail from Newport News on November 2. The Donaldson Line has also been arranged for, and the steamers of this line will ply between Newport News and Glasgow, Scotland. The first steamer will sail some time next month. A line of steamers are also to be run in connection with the Chesapeake and Ohio road from Newport News to Copenhagen and Baltic Sea ports. This line is to be known as the "Forende Steamship Line." A regular line is also to go on to run between Newport News and Rotterdam and Amsterdam. The name of this line has not yet been decided upon. All these lines, in addition to the service to Leith, Bristol and Hamburg, together with the Liverpool and London service, operated by the C. and O. Steamship Company, will be operated through the United States Shipping Company.

The Court of Appeals in the case against Joseph Hechinger, taken up from Carlisle, has rendered the following opinion:

1. Section 4215, Kentucky Statutes, provides for punishment of peddlers selling before procuring and paying for license required by law. Section 4217 defines who peddlers shall be and is as follows: "All persons who shall under cover of bona fide merchants come into or take up a temporary residence in any county, city or town of this Commonwealth, for the purpose of disposing of goods, wares or merchandise, either at auction or otherwise except as hereinafter specifically provided, shall also be deemed peddlers."

Held: That an indictment charging that defendant did, under cover of a bona fide merchant, unlawfully take up a temporary residence in the city of C. N. County, Kentucky, being a permanent resident of another city and county in the State, for the purpose of disposing of ready-made clothing and disposing of same to certain parties, naming them, during the time of this temporary residence, and without license so to dispose of same, is good on demurrer, and the court erred when it sustained a demurrer to such indictment.

A business man is not the most patient creature in the world. He cannot wait to hear any long-drawn-out story of the cause of his ailment. He doesn't care two straws about a line spin theory of how he should treat himself. He may be predisposed to scrofula, or consumption, "That," he will tell you "has nothing to do with the case." He wants to be cured. If he can be cured, write out a prescription and send in your bill, so, here's the first part of the proposition.

Dr. Pierce's Golden Med. Discovery is a microbe hunter and killer. Many persons of scrofulous blood encourage the breaking out of unsightly sores, to prevent the disease going to the lungs. There is no need of this state of dread and discomfort. Purify the blood. It can be done. "Golden Medical Discovery" will cure 98 per cent of all consumptive cases, also of all other lingering bronchial, throat and lung diseases.

**Death of a Magician.**  
CHARLESTON, Sept. 27.—Frederick Bancroft, the magician, died at the Riverside infirmary about 1 o'clock Sunday morning. He came to Charleston from Wilmington, Del., and had been ill with typhoid fever for some weeks. He went upon the stage Saturday night although in a sick and nervous state but collapsed after the performance. The remains will be taken to New York on Wednesday. Bancroft leaves a widow and a boy about 9 years old. The magician was 31 years old. His life was insured for \$10,000.

**Colored Murderer Pleads Guilty.**  
STUEBENVILLE, O., Sept. 27.—John Rose, the colored teamster who brutally murdered Clara Seigler, his white wife, in May, 1897, was sentenced to the penitentiary for life Saturday afternoon by Judge Mansfield. The first trial of Rose lasted a week and he was convicted of murder in the first degree and sentenced to be hanged in June. The circuit court granted him a new trial because of an error in the admission of testimony. He offered to plead guilty of murder in the second degree, which was accepted.

## An Ancient Bible.

One of the quaintest old English Bibles in existence is in possession of Mr. James Vincent of Tabor, Ia. It was printed in 1649, after the translation made by William Tyndale and Miles Coverdale. Tyndale was burned at the stake for translating the Bible into English.

A Dutch printer at Antwerp is responsible for the presswork of the ancient volume. It contains some expressions which render it a veritable curiosity in our time. Only four editions of this particular translation were struck off, and it was afterward superseded by the King James version.

The Ninety-first Psalm, fifth verse, in the ordinary version reads like this: "Thou shalt not be afraid of the terrors by night nor of the arrow which flieth by day." The ancient Bible in Mr. Vincent's possession reads, "Thou shalt not nede to be frayed for any bagges by night nor for the arrow which flythes by daye." This sentence shows Mr. Vincent's book to be a copy of the celebrated "bug Bible," as it is called. The word "bugges" in the old Bible means the same as children indicate by bugaboo or booger—in general the terror of something unknown. The word "boggy" is also derived from the same root. The term "bugges" thus used was proper enough in Tyndale's time.

A peculiar editorial commentary is also found in this "bug Bible" on the passage wherein Sara, in the third chapter of Peter's first epistle, is made to refer to Abraham as "lorde." Says the erudite editor: "And if she be not obedient & helpful unto hym, he endeavoreth to beate the fear of God into her heade, that she may be compelled to learne her dnti & do it."

**Did His Best.**  
If a servant obeys orders as far as he can and does his work correctly as far as he goes, what more can be expected? And yet the result is not always satisfactory, even to reasonable employers. Here is a story of a lady who owns a large and handsome dog, of which she is very fond, and perhaps a little proud. The other day she sent him out to the stable to be weighed, confiding the operation to a new servant, who looked upon the powerful animal with considerable awe. The man was gone a surprisingly long time, but at last reappeared and announced that the dog weighed 100 pounds.

"One hundred pounds!" repeated the lady. "Are you sure you weighed him right? He must weigh more than that." "Oh, yes, marm, sure an I weighed him right, but I couldn't get him all on the scales."—Strand Magazine.

**Amateur Essays.**

Appropos of extravagant education, there is no more utter waste, whether in board schools or those of higher class, than essay writing by children. A poultry paper quotes a little boy's effort on that subject. "Geece is a nasty animal, for they will jump up your back and bent you with their feathers," writes this budding literary genius, and "the turkese is a large kind of hen." This may be an extreme instance, but it furnishes the text for an essay on "geece" of quite another kind.—London Sketch.

**Major Edward I. Merrill Dead.**

FARMINGTON, Me., Sept. 27.—Major Edward I. Merrill died yesterday afternoon, after an illness of several months, aged 70 years. He was assistant secretary of the ways and means committee in the national house of representatives. He was quite well known in Washington, having been assistant librarian in the house of representatives and secretary of the government printing office.

**SCHOONER WRECKED.**

Her Captain and Crew Rescued Just Before the Vessel Went Down.

NEW YORK, Sept. 27.—The famous masted schooner Goodwin Stoddard was just arrived in port from Havana, Fla., and reports a severe experience during the hurricane which prevailed off the southern coast during the past week. On Sept. 18 Nils Svendsen, one of the crew, a Norwegian, fell from the spanker masthead to the deck and was instantly killed.

On the 22d the schooner Katie J. Ireland was sighted, flying a distress signal. She was sinking and had lost all her boats. The Stoddard took off the crew of the Ireland, consisting of Captain Crockett and seven men, and the Ireland sank 1 hour and 40 minutes later. None of the rescued men saved any of their effects.
